Hose protection, Proban	SR 59021	T06-4016

Product Description

The Neck & chest protection together with face seal gives the user a good protection against spatter and sparks when welding and grinding.

Suitable to use together with SR 580/SR 584 and/or SR 580 with gold-plated shield SR 587 and 2/3 visor SR 588-1 or SR 588-2.

The hose protection will prolong the life-time of the hose in these work situations.

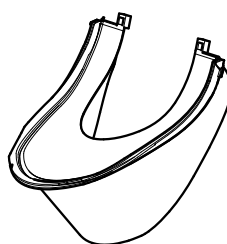

The Proban material can be washed after use. Contact Sundström for further information.
